SOT BRUTING WHEEL CATALOGUE

MODULE NAME : **TT0-B2, TT0-B4, TT0-B6**

COLOR : **Black** ●

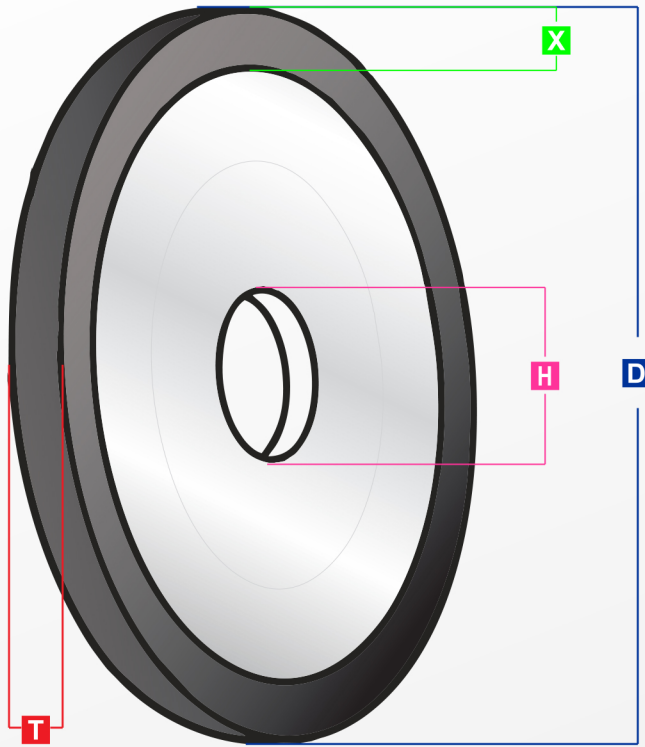

TYPE OF USE : **High Pressure Stone**

ABOUT US

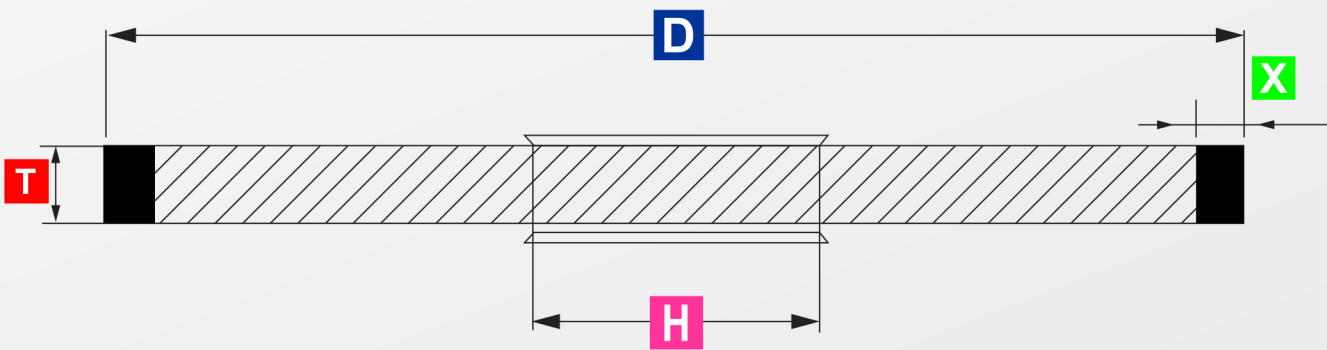

Primarily focused to cater risky and fragile nature of diamonds, Premium range tools provides high efficiency due to its superior quality. It caters to the application of precision cutting to attain required weight loss and to prevent damages. These tools cuts in a manner that doesn't heat up the diamond, that not only minimises any cause for damage but also presents utmost quality finishes. This range is best suitable for bigger and high-valued diamonds where the demand for consistency in performance result in greater productivity.
